Stay on Top of Probity with Cutting Edge AI

Where there's money, there's temptation and, with large sums of money and many stakeholders involved, procurement is particularly vulnerable to corruption. We're all aware of this. Awareness, however, doesn't overcome limited oversight.

Skills Gap Analysis: Streamline Your Professional Development

Procurement departments are dealing with two key pressure points right now. The first one is a skills shortage, which is hurting industries. The second is the pandemic, which has placed more demand on procurement officers than ever before.
